Measuring Stakeholder Capitalism:

Full List of Revised Core and Expanded Metrics

March 2021

Core

Updated Metrics (Core)
Principles of Governance

Theme	Metrics and Disclosures	Sources
Governing Purpose	**Setting purpose** The company's stated purpose, as the expression of the means by which a business proposes solutions to economic, environmental, and social issues. Corporate purpose should create value for all stakeholders, including shareholders	The British Academy and Colin Mayer, GRI (102-26), EPIC, and others
Quality of Governing Body	**Governance body composition** Composition of the highest governance body and its committees by: competencies relating to economic, environmental, and social topics; executive or non-executive; independence; tenure on the governance body; number of each individual's other significant positions and commitments, and the nature of the commitments; gender; membership of under-represented social groups; stakeholder representation	GRI (102-22), GRI (405-1a), IR (4B)
Stakeholder Engagement	**Material issues impacting stakeholders** A list of the topics that are material to key stakeholders and the company, how the topics were identified, and how the stakeholders were engaged	GRI (102-21), GRI (102-43), GRI (102-47)
Ethical Behaviour	**Anti-corruption** 1. Total percentage of governance body members, employees and business partners who have received training on the organization's anti-corruption policies and procedures, broken down by region 2. (a) Total number and nature of incidents of corruption confirmed during the current year but related to previous years (b) Total number and nature of incidents of corruption confirmed during the current year, related to this year 3. Discussion of initiatives and stakeholder engagement to improve the broader operating environment and culture, in order to combat corruption	GRI (205-2) and GRI (205-3)
Ethical Behaviour	**Protected ethics advice and reporting mechanisms** A description of internal and external mechanisms for 1. Seeking advice about ethical and lawful behaviour and organizational integrity; 2. Reporting concerns about unethical or lawful behaviour and organizational integrity	GRI (102-17)
Risk and Opportunity Oversight	**Integrating risk and opportunity into business process** Company risk factor and opportunity disclosures that clearly identify the principal material risks and opportunities facing the company specifically (as opposed to generic sector risks), the company appetite in respect of these risks, how these risks and opportunities have moved over time and the response to those changes. These opportunities and risks should integrate material economic, environmental, and social issues, including climate change and data stewardship	EPIC, GRI (102-15), WEF Integrated Corporate Governance, IR (4D)

Expanded

Updated Metrics (Expanded)
Principles of Governance

Theme	Metrics and Disclosures	Sources
Governing Purpose	**Purpose-led management** How the company's stated purpose is embedded in company strategies, policies, and goals	GRI (102-26)
Quality of Governing Body	**Progress against strategic milestones** Disclosure of the material strategic economic, environmental, and social milestones expected to be achieved in the following year, such milestones achieved from the previous year, and how those milestones are expected to or have contributed to long-term value	EPIC
Quality of Governing Body	**Remuneration** 1. How performance criteria in the remuneration policies relate to the highest governance body's and senior executives' objectives for economic, environmental and social topics, as connected to the company's stated purpose, strategy, and long-term value 2. Remuneration policies for the highest governance body and senior executives for the following types of remuneration: - Fixed pay and variable pay, including performance-based pay, equity-based pay, bonuses, and deferred or vested shares - Sign-on bonuses or recruitment incentive payments - Termination payments - Clawbacks - Retirement benefits, including the difference between benefit schemes and contribution rates for the highest governance body, senior executives, and all other employees	GRI (102-35)
Ethical Behaviour	**Alignment of strategy and policies to lobbying** The significant issues that are the focus of the company's participation in public policy development and lobbying; the company's strategy relevant to these areas of focus; and any differences between its lobbying positions, purpose, and any stated policies, goals, or other public positions	GRI 415: Public Policy 2016
Ethical Behaviour	**Monetary losses from unethical behaviour** Total amount of monetary losses as a result of legal proceedings associated with: fraud, insider trading, anti-trust, anti-competitive behaviour, market manipulation, malpractice, or violations of other related industry laws or regulations	SASB (510a.1)
Risk and Opportunity Oversight	**Economic, environmental, and social topics in capital allocation framework** How the highest governance body considers economic, environmental, and social issues when overseeing major capital allocation decisions, such as expenditures, acquisitions and divestures	CDSB (REQ-02)

Core

Updated Metrics (Core)
Planet

Theme	Metrics and Disclosures	Sources
Climate change	**Greenhouse Gas (GHG) emissions** For all relevant greenhouse gases (e.g. carbon dioxide, methane, nitrous oxide, F-gases etc.), report in metric tonnes of carbon dioxide equivalent (tCO2e) GHG Protocol Scope 1 and Scope 2 emissions. Estimate and report material upstream and downstream (GHG Protocol Scope 3) emissions where appropriate.	Adapted from GRI 305:1-3, GHG Protocol
Climate change	**TCFD implementation** Fully implement the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD). If necessary, disclose a timeline of at most three years for full implementation. Disclose whether you have set, or have committed to set, GHG emissions targets that are in line with the goals of the Paris Agreement – to limit global warming to well-below 2°C above pre-industrial levels and pursue efforts to limit warming to 1.5°C – and to achieve net-zero emissions before 2050	Recommendations of the Task Force on Climate-related Financial Disclosures, Final Report CDSB R01, R02, R03, R04 and R06; SASB 110
Nature loss	**Land use and ecological sensitivity** Report the number and area (in hectares) of sites owned, leased or managed in or adjacent to protected areas and/or key biodiversity areas (KBA).	GRI (304-1)
Fresh water availability	**Water consumption and withdrawal in water-stressed areas** Report for operations where material, mega litres of water withdrawn, mega litres of water consumed and the percentage of each in regions with high or extremely high baseline water stress according to WRI Aqueduct water risk atlas tool. Estimate and report the same information for the full value chain (upstream and downstream) where appropriate	SASB (CG-HP-140a.1.), WRI Aqueduct water risk atlas tool https://www.wri.org/aqueduct

Expanded

Updated Metrics (Expanded) Planet (1 of 3)

Theme	Metrics and Disclosures	Sources
Climate Change	**Paris-aligned GHG emissions targets** Define and report progress against time-bound science-based GHG emissions targets that are in line with the goals of the Paris Agreement – to limit global warming to well-below 2°C above pre-industrial levels and pursue efforts to limit warming to 1.5°C. This should include defining a date before 2050 by which you will achieve net-zero greenhouse gas emissions and interim reduction targets based on the methodologies provided by the Science Based Targets initiative if applicable. If an alternative approach is taken, disclose the methodology used to calculate the targets and the basis on which they deliver on the goals of the Paris Agreement.	Science-Based Targets initiative
Climate Change	**Impact of Greenhouse gas emissions** Report wherever material along the value chain (GHG protocol scopes 1,2&3), the valued societal impact of greenhouse gas emissions. Disclose the estimate of the social/societal cost of carbon used and the source or basis for this estimate.	US EPA fact sheet on the Social Cost of Carbon (2016); Natural Capital Protocol (2016); ISO 14008: Monetary valuation of environmental impacts and related environmental aspects (2019); Value Balancing Alliance https://www.value-balancing.com/
Nature Loss	**Land use and ecological sensitivity** For operations (if applicable) and full supply chain (if material): 1. Area of land used for the production of basic plant, animal or mineral commodities (e.g. the area of land used for forestry, agriculture or mining activities). 2. Year-on-year change in the area of land used for the production of basic plant, animal or mineral commodities. Note: Supply-chain figures can initially be estimated where necessary based on the mass of each commodity used and the average mass produced per unit of land in different sourcing locations. 3. Percentage of land area in (1) or of total plant, animal and mineral commodity inputs by mass or cost, covered by a sustainability certification standard or formalized sustainable management programme. Disclose the certification standards or description of sustainable management programmes along with the percentage of total land area, mass or cost covered by each certification standard / programme.	New metric

Expanded

Updated Metrics (Expanded) Planet (2 of 3)

Theme	Metrics and Disclosures	Sources
Nature Loss	**Impact of land use and conversion** Report wherever material along the value chain, the valued societal impact of use of land and conversion of ecosystems.	Natural Capital Protocol (2016) ISO 14008 Monetary valuation of environmental impacts and related environmental aspects (2019) Value Balancing Alliance
Fresh water availability	**Impact of freshwater consumption and withdrawal** Report wherever material along the value chain, the valued societal impact of freshwater consumption and withdrawal.	Natural Capital Protocol (2016) ISO 14008 Monetary valuation of environmental impacts and related environmental aspects (2019) Value Balancing Alliance
Air pollution	**Air pollution** Report wherever material along the value chain: Nitrogen oxides (NOx), sulphur oxides (SOx), particulate matter and other significant air emissions. Wherever possible, estimate the proportion of specified emissions that occur in or adjacent to urban/densely populated areas.	GRI 305-7
Air pollution	**Impact of air pollution** Report wherever material along the value chain, the valued impact of air pollution, including nitrogen oxides (NOx), sulfur oxides (SOx), particulate matter and other significant air emissions.	Natural Capital Protocol (2016) ISO 14008 Monetary valuation of environmental impacts and related environmental aspects (2019) Value Balancing Alliance
Water pollution	**Nutrients** Estimate and report wherever material along the value chain, metric tonnes of nitrogen, phosphate and potassium in fertilizer consumed.	SASB (CN0101-11)
Water pollution	**Impact of water pollution** Report wherever material along the value chain, the valued societal impact of water pollution, including excess nutrients, heavy metals and other toxins.	Natural Capital Protocol (2016) ISO 14008 Monetary valuation of environmental impacts and related environmental aspects (2019) Value Balancing Alliance

Expanded

Updated Metrics (Expanded) Planet (3 of 3)

Theme	Metrics and Disclosures	Sources
Solid waste	**Single use plastics** Report for the full value chain, estimated metric tonnes of single-use plastic consumed. Disclose the most significant applications of single use plastic identified, the quantification approach used and the definition of "single-use plastic" adopted.	New metric
Solid waste	**Impact of solid waste disposal** Report wherever material along the value chain, the valued societal impact of solid waste disposal, including plastics and other waste streams.	Natural Capital Protocol (2016) ISO 14008 Monetary valuation of environmental impacts and related environmental aspects (2019) Value Balancing Alliance
Resource availability	**Resource circularity** Report the most appropriate resource circularity metric(s) for the whole company and/or at a product, material or site level as applicable. Potential metrics include (but are not limited to) the "Circular Transition Indicators" (WBCSD & KPMG), indicators developed by the Ellen MacArthur Foundation and company developed metrics. Disclose the methodological approach used to calculate the chosen circularity metric(s) and the rationale for the choice of metric(s).	WBCSD & KPMG "Circular Transition Indicators" Ellen MacArthur Foundation "Circulytics™ indicators"

Core

Updated Metrics (Core)
People

Theme	Metrics and Disclosures	Sources
Dignity and equality	**Diversity and inclusion (%)** Percentage of employees per employee category, per age group, gender and other indicators of diversity (e.g. ethnicity)	GRI 405-1 (b)
Dignity and equality	**Pay equality** Ratio of the basic salary and remuneration for each employee category by significant locations of operation for priority areas of equality: women to men; minor to major ethnic groups; and other relevant equality areas	Adapted from GRI 405-2
Dignity and equality	**Wage level (%)** 1. Ratios of standard entry-level wage by gender compared to local minimum wage 2. Ratio of CEO's total annual compensation to median total annual compensation of all employees (excluding the CEO)	GRI 202-1, UK Companies (Misc. reporting) regulations 2018, Dodd-Frank Act
Dignity and equality	**Risk for incidents of child, forced or compulsory labour** An explanation of the operations and suppliers considered to have significant risk for incidents of child labour, forced or compulsory labour. Such risks could emerge in relation to type of operation (such as manufacturing plant) and type of supplier; or countries or geographic areas with operations and suppliers considered at risk.	GRI 408-1 (b), GRI 409
Health & wellbeing	**Health and Safety (%)** 1. The number and rate of fatalities as a result of work-related injury; high-consequence work-related injuries (excluding fatalities); recordable work-related injuries, main types of work-related injury; and the number of hours worked 2. An explanation of how the organization facilitates workers' access to non-occupational medical and healthcare services and the scope of access provided for employees and workers	GRI:2018 403 – 9 (a & b) GRI:2018 403 – 6 (a)
Skills for the future	**Training provided (#)** 1. Average hours of training per person that the organization's employees have undertaken during the reporting period, by gender and employee category (total number of trainings provided to employees divided by the number of employees) 2. Average training and development expenditure per full time employee	GRI 404-1, SASB HC0101-15

Expanded

Updated Metrics (Expanded)
People (1 of 2)

Theme	Metrics and Disclosures	Sources
Dignity and equality	**Pay gap (%)** 1. Mean pay gap of basic salary and remuneration of full-time relevant employees based on gender (women to men) and indicators of diversity (e.g. BAME to non-BAME) at a company level or by significant location of operation. 2. Ratio of the annual total compensation for the organization's highest-paid individual in each country of significant operations to the median annual total compensation for all employees (excluding the highest-paid individual) in the same country	Adapted from UK Government guidance on gender and ethnicity pay gap reporting, GRI 102-38
Dignity and equality	**Discrimination and Harassment Incidents (#) and the Total Amount of Monetary Losses ($)** Number of discrimination and harassment incidents, status of the incidents and actions taken and the total amount of monetary losses as a result of legal proceedings associated with (1) law violations and (2) employment discrimination.	GRI (406-1), SASBI (FB-FR-310a.4)
Dignity and equality	**Human rights review, grievance impact and modern slavery (#, %)** 1. Total number and percentage of operations that have been subject to human rights reviews or human rights impact assessments, by country. 2. Number and type of grievances reported with associated impacts related to a salient human right issues in the reporting period and an explanation of impacts. 3. Number and percentage of operations and suppliers considered to have significant risk for incidents of child labour, forced or compulsory labour. Such risks could emerge in relation to a) type of operation (such as manufacturing plant) and type of supplier or b) countries or geographic areas with operations and suppliers considered at risk.	GRI (412-1), UN Guiding Principles, GRI (408-1 (a)), GRI (409-1), WDI 7.5
Dignity and equality	**Living Wage (%)** Current wages against the living wage for employees and contractors in states and localities where the company is operating.	MIT Living Wage Tool, EPIC Report, IMP
Dignity and equality	**Annual total compensation ratio** Ratio of the annual total compensation for the organization's highest-paid individual in each country of significant operations to the median annual total compensation for all employees (excluding the highest-paid individual) in the same country	GRI 102-38
Health and well being	**Monetized Impacts of Work-related Incidents on Organization (#, $)** By multiplying the number and type of occupational incidents by the direct costs for employees, employers per incident (including actions and/or fines from regulators, property damage, healthcare costs, compensation costs to employees).	Adapted Indicator based on European Commission, Safe Work Australia

Expanded

Updated Metrics (Expanded) People (2 of 2)

Theme	Metrics and Disclosures	Sources
Health and well being	**Well-Being (%)** 1. The number and rate of fatalities as a result of work-related ill-health; recordable work-related ill-health injuries, main types of work-related injury; and the main types of work-related ill-health for all employees and workers. 2. Percentage of employees participating in 'best practice' health and well-being programs that help to reduce absenteeism and improve productivity and employee absentee rate (AR) for all employees.	GRI: 2018 403 – 10 (a & b) GRI 2016: 403 – 2(a) Embankment Project
Skills for the future	**Number of unfilled 'Skilled' Positions (#, %)** 1. Number of Unfilled "Skilled" positions (#) 2. Percentage of unfilled "skilled" positions for which the company will hire unskilled candidates and train them. (%)	WBCSD (Measuring Impact Framework Methodology Version1.0 (2008)
Skills for the future	**Monetized Impacts of Training - Increased earning capacity as a result of training intervention (%, $)** 1. Investment in training a percentage (%) of payroll. 2. Effectiveness of the training and development through increased revenue, productivity gains, employee engagement and/or internal hire rates.	OECD, United Nations, WDI 5.5

Core

Updated Metrics (Core)
Prosperity

Theme	Metrics and Disclosures	Sources
Employment and wealth generation	**Absolute number and rate of employment** 1. **Total number and rate of new employee hires** during the reporting period, by age group, gender, other indicators of diversity and region 2. **Total number and rate of employee turnover** during the reporting period, by age group, gender, other indicators of diversity and region	Adapted, to include other indicators of diversity, from GRI 401: Employment (2016) – Disclosure 401-1a New Employee hires and 401-1b Employee Turnover
Employment and wealth generation	**Economic Contribution** 1. **Direct economic value generated and distributed (EVG&D)** – on an accrual basis, covering the basic components for the organization's global operations, ideally split out by: a. Revenue b. Operating costs c. Employee wages and benefits d. Payments to providers of capital e. Payments to government f. Community investment 2. **Financial assistance received from the government** - Total monetary value of financial assistance received by the organization from any government during the reporting period	GRI 201: Economic Performance (2016) – Disclosure 201-1 Direct Economic Value Generated and Distributed (EVG&D) and 201-4 Financial assistance received from government
Wealth creation and employment	**Financial investment contribution disclosure** 1. Total capital expenditures (CapEx) – Depreciation supported by narrative to describe the company's investment strategy 2. Share buybacks + Dividend payments supported by narrative to describe the company's strategy for returns of capital to shareholders	As referenced in International Accounting Standard (IAS) 7 – Statement of Cash Flows and US GAAP Accounting Standards Codification (ASC) 230 Statement of Cash Flows
Innovation in better products and services	**Total R&D expenses ($)** Total costs related to research and development	US GAAP definition ASC 730
Community and social vitality	**Total tax paid** The total global tax borne by the company, including corporate income taxes, property taxes, non-creditable VAT and other sales taxes, employer-paid payroll taxes and other taxes that constitute costs to the company, by category of taxes	Adapted from GRI 201-1 (2016) - Direct Economic Value Generated and Distributed

Prosperity

Theme	Metrics and Disclosures	Sources
Employment and wealth generation	**Infrastructure investments and services supported** Qualitative disclosure to describe the below components: 1. Extent of development of significant infrastructure investments and services supported. 2. Current or expected impacts on communities and local economies, including positive and negative impacts where relevant. 3. Whether these investments and services are commercial, in-kind, or pro bono engagements.	GRI 203: Indirect Economic Impacts (2016) - Disclosure 203-1 Infrastructure investments and services supported
Employment and wealth generation	**Significant indirect economic impacts** 1. Examples of significant identified indirect economic impacts of the organization, including positive and negative impacts 2. Significance of the indirect economic impacts in the context of external benchmarks and stakeholder priorities (e.g. national and international standards, protocols, policy agendas)	GRI 203: Indirect economic impacts (2016) - Disclosure 203-2 Significant indirect economic impacts
Innovation in better products and services	**Social value generated (%)** Percentage of revenue from products and services designed to deliver specific social benefits or to address specific sustainability challenges	Adapted from GRI (FiFS7 + FiFS8) and SASB FN0102-16.a; EPIC Report (2018)
Innovation in better products and services	**Vitality Index** Percentage of gross revenue from product lines added in last three (or five) years calculated as the sales from products that have been launched in the past three (or five) years divided by total sales, supported by narrative that describes how the company innovates to address specific sustainability challenges.	Adapted from OECD Oslo Manual Section 8.3.1
Community and social vitality	**Total social investment ($)** Total Social Investment (TSI) sums up a company's resources used for "S" in ESG efforts defined by CECP Valuation Guidance.	CECP Valuation Guidance
Community and social vitality	**Additional tax remitted** The total additional global tax collected by the company on behalf of other taxpayers, including VAT and employee-related taxes that are remitted by the company on behalf of customers or employees, by category of taxes.	Adapted from GRI 201-1 (2016) - Direct Economic Value Generated and Distributed
Community and social vitality	**Total and additional tax breakdown by country for significant locations** Total tax paid and, if reported, additional tax remitted, by country for significant locations.	Adapted from GRI 201-1 (2016) - Direct Economic Value Generated and Distributed
